

## Director Statement:

Half-Way through directing the End Of Wyntor Trailer, Owen Hisle became very sick and wasn't able to continue directing the final half. It was a good thing for the Trailer that Brian Koo, stepped up to the plate, per Owen Hisle's request to finish directing the final half. Being the humble leader Owen Hisle is known for, Owen chose to do the right thing by giving Brian Koo, a Back Up Assisting Director's film credit.
